

Harsh on viruses, not on hands.

Ethanol has least skin irritant property compared to n-propanol and 2-propanol^{1,2}

Softa-Man® CHG with its unique 80% Ethanol (v/v) + CHG 0.5% (w/v) along with 3 high-grade emollients is an ideal handrub that,

- Protects you against SARS - CoV³
- Prevents any skin damage
- Moisturizes the skin⁴
